NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Hamilton, application will be made to the Legislative assembly of the Province of Ontario for an Act to provide:

1. That the City may pass by-laws respecting smoking in the workplace, as defined in the proposed Legislation, and such by-laws may,

Smoking areas, as defined, may be designated in cafeterias, dining rooms, or lunchrooms only;

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Hamilton, application will be made to the Legislative assembly of the Province of Ontario for an Act to provide:

1. That the City may pass by-laws respecting smoking in the workplace, as defined in the proposed Legislation, and such by-laws may,

The by-law would also require the designated smoking rooms, as defined, to be fully enclosed and ventilated, and it would require the employer to make reasonable efforts to ensure that designated smoking rooms are independently ventilated to the outside. Smoking areas, as defined, may be designated in cafeterias, dining rooms, or lunchrooms only;

   (b) prohibit smoking in a workplace contrary to an adopted Smoking Policy for that workplace;

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 563/88.
Exemption—Ministry of Government Services—MGS-90.
Made—September 1st, 1988.
Approved—September 1st, 1988.
Filed—September 14th, 1988.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-90

Having received a request from the Ministry of Government Services that an undertaking, namely:

The activities involved in designing, constructing, operating and maintaining a facility for the Ministry of the Solicitor General for an Ontario Provincial Police Detachment at a site which is legally referred to as Part of Mining Claim Pa 3416 (recorded as Pa 6897), Township of Ponsford, now in the Township of Pickle Lake, District of Kenora, Patricia Portion,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The Ministry of Government Services will be interfered with by being required to prepare an environmental assessment for an activity for which adverse environmental impacts have not been identified;

B. The Ministry of the Solicitor General will be interfered with in that the levels of efficiency and service are diminished by the inadequacies of the existing facilities.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The Ministry of Government Services has assured me that the proposed undertaking will have no significant adverse effects on the environment and this is based, in part, upon the fact that adequate services exist at the site, the zoning by-law and the Official Plan permit the proposed use and that no unique natural or man-made features will be significantly affected.

B. The undertaking merely serves to replace the temporary trailer facilities that were hastily arranged as an interim measure after the original detachment was destroyed by fire in late January, 1987.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received,

the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.

2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

3. The order shall expire if construction activities have not commenced by December 31, 1989. O. Reg. 563/88.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 564/88.
Exemption—Ministry of Government Services—MGS-88.
Made—September 1st, 1988.
Approved—September 1st, 1988.
Filed—September 14th, 1988.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-88

Having received a request from the Ministry of Government Services that an undertaking, namely:

The actions involved in the implementation of an Activities Centre at the Oak Ridge Division of the Mental Health Centre on a lot legally referred to as Parts Lots 1 and A1, Registered Plan 69, Town of Penetanguishene, Township of Tay, County of Simcoe,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The Ministry of Government Services will be interfered with in that an environmental assessment would have to be prepared for an undertaking with insignificant environmental impacts.

B. The users of the Mental Health Centre will be interfered with in that levels of efficiency and service available from the programs of the Ministry of Health are diminished by the inadequacies of the existing facilities.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act; the undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The proposed undertaking will have no significant adverse effects on the environment.

B. The undertaking will not increase the capacity of the institution. The project merely serves to update the existing facilities to present standards. All work will be executed within the confines of the site of the existing institution.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.

2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

3. This order shall expire if construction activities have not commenced by December 31, 1991. O. Reg. 564/88.

CORPORATION OF THE CITY OF HAMILTON

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Hamilton, application will be made to the Legislative assembly of the Province of Ontario for an Act to provide:

1. That the City may pass by-laws respecting smoking in the workplace, as defined in the proposed Legislation, and such by-laws may,

   (a) require every employer, as defined, to adopt and implement the smoking policy for each workplace under his/her/its ownership, control or supervision. Where the employer's smoking policy does not totally prohibit smoking in the workplace, the by-law would require the employer to establish a policy that totally prohibits smoking in the workplace except for designated smoking rooms and designated smoking areas. In establishing these designated rooms and areas, the employer must take into account the concerns and preferences of both non-smoking and smoking employees. The by-law would also require the designated smoking rooms, as defined, to be fully enclosed and ventilated, and it would require the employer to make reasonable efforts to ensure that designated smoking rooms are independently ventilated to the outside. Smoking areas, as defined, may be designated in cafeterias, dining rooms, or lunchrooms only;

   (b) prohibit smoking in a workplace contrary to an adopted Smoking Policy for that workplace;

   (c) prescribe size, location and details of signs which the employer must erect in the workplace;

   (d) provide that an employer who permits smoking in a workplace contrary to an adopted Smoking Policy, and that a person who smokes in a workplace contrary to an adopted Smoking Policy, is guilty of an offence;

   (e) appoint one or more inspectors to enforce such by-law.

The proposed Legislation would provide for rights of entry for inspectors, and the obtaining of a warrant where an inspector is denied entry or access, or ordered to leave a workplace, or obstructed in the enforcement of the by-law, without notice to, and in the absence of, the owner or occupier of the workplace, the employer, or the owner or occupier of the building or structure in which the workplace is situated.

O. Reg. 582/88, s. 35.

36. Despite sections 28 to 35, for the purposes of apportioning the 1988 requirements of the District of Parry Sound Welfare Administration Board, Parry Sound Home for the Aged (East) and Parry Sound Home for the Aged (West), the discounted assessment of the supporting municipality shall be deemed to be the discounted equalized assessment of the supporting municipality within each of the specified district board areas, except that for the Township of Machar, the residential and farm assessments, and the commercial and industrial assessments are set out in Columns 2 and 3, respectively, of Schedule 7. O. Reg. 582/88, s. 36.

PART IV

CONSERVATION AUTHORITIES

37.—(1) In this Part,

"apportionment" means an apportionment made by a conservation authority among the municipalities within the conservation authority area of an amount required for the purposes of the conservation authority under the *Conservation Authorities Act*;

"discounted equalized assessment of a conservation authority" means the total of the discounted equalized assessments of all municipalities within a conservation authority area;

"municipality" means a regional municipality, supporting municipality, city or separated town;

"municipality within a conservation authority area" means a municipality that is located wholly or partly within a conservation authority area and against which an apportionment is to be made in 1988 by the conservation authority.

(2) Where only part of a municipality against which an apportionment is made by a conservation authority in 1988 is located within the conservation authority area, the discounted equalized assessment for that part of the municipality shall be deemed to be the discounted equalized assessment for the whole municipality for the purposes of this Part.

(3) For the purposes of this Part, the discounted equalized assessment of a regional municipality is the sum of the discounted equalized assessments of the municipalities within the regional municipality. O. Reg. 582/88, s. 37.

38. In 1988, the Ministry of Natural Resources shall determine in respect of each conservation authority,

(a) the discounted equalized assessment of each municipality within the conservation authority area; and

(b) the discounted equalized assessment of each conservation authority. O. Reg. 582/88, s. 38.

39. The Ministry of Natural Resources shall, in respect of each conservation authority, determine the 1988 percentage share of apportionment, correct to four decimal places, for each municipality within the conservation authority area by dividing the discounted equalized assessment of each municipality, as determined under clause 38 (a), by the discounted equalized assessment of the conservation authority, as determined under clause 38 (b) and multiplying the result by 100. O. Reg. 582/88, s. 39.

40. The discounted equalized assessment determined under section 38 and the respective 1988 percentage share of apportionment determined for each municipality under section 39 shall be substituted for the equalized assessment in the notice of the equalized assessment that is provided to the conservation authority by the Ministry of Natural Resources under the Act establishing a conservation authority. O. Reg. 582/88, s. 40.

41.—(1) For 1988, the apportionment of the conservation authority levies among the municipalities within a conservation authority area shall be made on the basis of the percentages determined for each municipality under section 39.

(2) The Ministry of Natural Resources shall submit to each conservation authority to which subsection (1) applies a statement showing the information mentioned in clauses 38 (a) and (b) and the calculations which produced that information.

(3) A conservation authority shall, upon receipt of the statement referred to in subsection (2), promptly forward a copy of the statement to the clerk of each municipality within the conservation authority area. O. Reg. 582/88, s. 41.

42. Each conservation authority shall forward to the Ministry of Natural Resources a statement showing the total amount apportioned for 1988, as modified by subsection 41 (1), among the municipalities within the conservation authority area under the Act establishing the conservation authority. O. Reg. 582/88, s. 42.

43.—(1) Where the equalization factor, the residential and farm assessment or the commercial assessment of one or more municipalities within a conservation authority area is altered by the Ontario Municipal Board upon an appeal under the Act establishing the conservation authority, notice of the altered equalization factor, the residential and farm assessment or the commercial assessment, as the case may be, shall be given promptly by the clerk of the municipality to the Ministry of Natural Resources.

(2) Upon being satisfied that all appeals of the equalization factor, the residential and farm assessment or the commercial assessment of all municipalities within a conservation authority area have been determined and that all notices under subsection (1) have been received, the Ministry of Natural Resources shall, using the altered equalization factor, the residential and farm assessment or the commercial assessment, as the case may be,

(a) make the determinations required under sections 38 and 39; and

(b) revise the notice and information to be supplied under sections 40 and 41.

(3) When a conservation authority receives a notice revised by the Ministry of Natural Resources under clause (2) (b), the conservation authority shall amend the apportionment of the total sum required for conservation authority purposes among the municipalities within the conservation authority area on the basis of the adjusted discounted equalized assessments. O. Reg. 582/88, s. 43.

PART V

GENERAL

44.—(1) Where any Act requires the Ministry of Revenue or the Ministry of Municipal Affairs to equalize assessment rolls or parts of an assessment roll that relate to two or more defined areas within a supporting municipality, the Ministry of Municipal Affairs shall, in equalizing each assessment roll or each part of the assessment roll for purposes of municipal taxation in 1988, use the same equalization factor as was used to equalize such assessment roll or such part of the assessment roll for purposes of municipal taxation in 1979.

(2) Subsection (1) does not apply to a supporting municipality where there has been a different assessment generally of real property within that supporting municipality under section 63 of the *Assessment Act*. O. Reg. 582/88, s. 44.

45.—(1) Where the Ministry of Municipal Affairs, Ministry of Revenue or Ministry of Natural Resources, as the case may be, determines in respect of a regional municipality, county, district board or conservation authority that any calculation made under this Regulation was made incorrectly or was based on incorrect information, the Ministry of Municipal Affairs may correct the calculation and may determine the amount that would have been payable to the supporting municipalities within the regional municipality, county, district board area or conservation authority area by the Ministry of Municipal Affairs under this Regulation if the calculation had been correct and the grant amounts payable under Part I, II or III may be adjusted accordingly.

(2) Where a determination is made under subsection (1) in respect of an apportionment and levy of a regional municipality, county, district board or conservation authority, that apportionment and levy shall be adjusted in accordance with the corrected calculations and any overpayment or underpayment by a supporting municipality shall be corrected in the same manner as it is corrected following an appeal of a county apportionment by-law or of a discounted equalized assessment being used for apportionment purposes, as applicable. O. Reg. 582/88, s. 45.

46. Where, under this Regulation, an adjustment is made by the Ministry of Municipal Affairs or Ministry of Revenue in the grant amounts payable by the Minister of Municipal Affairs to a supporting municipality under Part I, II or III and where the Ministry of Municipal Affairs determines as a result of the adjustment that an overpayment has been made to the municipality, it shall notify the municipality of the amount of the overpayment and the amount of the overpayment shall be paid promptly by the municipality to the Ministry of Municipal Affairs. O. Reg. 582/88, s. 46.

47. This Regulation applies to apportionments and levies made on or after the 1st day of January, 1988. O. Reg. 582/88, s. 47.

CORPORATION OF THE CITY OF HAMILTON

NOTICE IS HEREBY GIVEN that, on behalf of The Corporation of the City of Hamilton, application will be made to the Legislative assembly of the Province of Ontario for an Act to provide:

1. That the City may pass by-laws respecting smoking in the workplace, as defined in the proposed Legislation, and such by-laws may,

   (a) require every employer, as defined, to adopt and implement the smoking policy for each workplace under his/her/its ownership, control or supervision. Where the employer's smoking policy does not totally prohibit smoking in the workplace, the by-law would require the employer to establish a policy that totally prohibits smoking in the workplace except for designated smoking rooms and designated smoking areas. In establishing these designated rooms and areas, the employer must take into account the concerns and preferences of both non-smoking and smoking employees. The by-law would also require the designated smoking rooms, as defined, to be fully enclosed and ventilated, and it would require the employer to make reasonable efforts to ensure that designated smoking rooms are independently ventilated to the outside. Smoking areas, as defined, may be designated in cafeterias, dining rooms, or lunchrooms only;

   (b) prohibit smoking in a workplace contrary to an adopted Smoking Policy for that workplace;

   (c) prescribe size, location and details of signs which the employer must erect in the workplace;

   (d) provide that an employer who permits smoking in a workplace contrary to an adopted Smoking Policy, and that a person who smokes in a workplace contrary to an adopted Smoking Policy, is guilty of an offence;

   (e) appoint one or more inspectors to enforce such by-law.

The proposed Legislation would provide for rights of entry for inspectors, and the obtaining of a warrant where an inspector is denied entry or access, or ordered to leave a workplace, or obstructed in the enforcement of the by-law, without notice to, and in the absence of, the owner or occupier of the workplace, the employer, or the owner or occupier of the building or structure in which the workplace is situated.

OF THE SECOND PART

WHEREAS the insured person has applied for crop insurance on honey under the Ontario Crop Insurance Plan — Honey, hereinafter referred to as the "plan".

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)*, and the regulations made thereunder, where in a crop year the insured person suffers a loss in the production of honey resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

CAUSES OF LOSS NOT INSURED AGAINST

1. This contract does not apply to and no indemnity shall be paid in respect of a loss in the production of the insured crop resulting from,

(a) the negligence, misconduct or poor production practices of the insured person or of an agent or employee of the insured person;

(b) a shortage of labour or equipment;

(c) pest infestation or disease in the bees unless recommended control programs were followed; and

(d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

2. The insured person shall offer for insurance all insurable hives in Ontario in which he or she has a substantial interest and this contract of insurance applies to all such hives.

INCORRECT NUMBER OF HIVES IN FINAL HIVE REPORT

3.—(1) If the actual number of insurable hives in a crop year is fewer than the number declared in the final hive report,

(a) the coverage shall be decreased proportionately in calculating whether there has been a loss; and

(b) the actual production shall be used in calculating the average farm yield in order to determine coverage for the following crop year.

(2) If the actual number of insurable hives in a crop year is fewer than the number declared in the final hive report, the Commission shall not refund any part of the premium.

(3) If the number of insurable hives in a crop year exceeds the number declared in the final hive report, the actual production shall be used in calculating whether there has been a loss and,

(a) where the calculation indicates a loss, such actual production shall be used; or

(b) where the calculation does not indicate a loss, such actual production shall be reduced in proportion to the number of hives declared in the final hive report,

in calculating the average farm yield in order to determine coverage for the following crop year.

HARVESTING OF HIVES

4.—(1) All hives insured in the crop year shall be harvested unless the Commission, upon written application, consents in writing to the abandonment or destruction of the insured crop or any part of it.

(2) If the harvesting of any hives is not completed and the failure to harvest was not caused by a designated peril, the contract of insurance ceases to apply to the unharvested hives and no indemnity shall be payable for it.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

5. A claim by the insured person under this contract is invalid and the right of the insured person to recover indemnity is forfeited if that person,

(a) in the application for insurance,

(i) gives false particulars of the insured crop to the prejudice of the Commission, or

(ii) knowingly misrepresents or fails to disclose any fact required to be stated in the application;

(b) contravenes a term or condition of this contract;

(c) commits a fraud in respect of the insured crop; or

(d) knowingly makes a false statement in respect of a claim under this contract.

WAIVER OR ALTERATION

6. No term or condition of this contract is deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing and signed by the Commission or a representative authorized for that purpose by the Commission.

ASSIGNMENT OF RIGHTS TO INDEMNITY

7.—(1) The insured person may assign all or part of the right to indemnity under this contract in respect of the insured crop.

(2) An assignment is not binding on the Commission and the Commission shall not pay an indemnity to an assignee unless,

(a) the assignment is made on a form provided by the Commission; and

(b) the Commission gives written consent to the assignment.

INTEREST OF OTHER PERSONS

8. Despite the interest of any person other than the insured in the insured crop, for the purposes of this contract,

(a) the interest of the insured person in the insured crop is deemed to be the full value of the coverage; and

(b) except as provided in paragraph 7, no indemnity shall be paid to any person other than the insured person.

EVALUATION OF LOSS

9.—(1) The amount of loss that is taken into account in the final adjustment of loss in respect of the total number of insured hives shall be calculated by multiplying the established price by the difference between the coverage and the actual production.

(2) For the purpose of subparagraph (1), actual production includes,

(a) production delivered to and accepted by an establishment;

(b) production delivered to and rejected by an establishment unless the rejection resulted from a designated peril;

(c) production harvested but not delivered to an establishment; and

(d) potential production of wholly or partially unharvested hives unless unharvested due to normal production practices or unless the failure to harvest resulted from a designated peril.

NOTICE OF LOSS OR DAMAGE

10.—(1) When loss or damage to the insured crop occurs and the insured person intends to abandon or destroy the insured crop, the insured person shall notify the Commission in writing of the intention and shall take no further action without the written consent of the Commission.

(2) When loss or damage to the insured crop occurs and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within twenty-four hours of that time.

(3) When loss or damage to the insured crop occurs and it appears or ought reasonably to appear, to the insured person at any time before the completion of harvesting of the insured crop that the production of the insured crop may be reduced by the loss or damage, the insured person shall notify the Commission in writing as soon as the loss or damage is apparent.

(4) Despite any notice given by the insured person under this paragraph, when, on completion of harvesting of the insured crop, the actual production is less than the coverage, the insured person shall notify the Commission in writing forthwith.

ABANDONMENT OR DESTRUCTION

11.—(1) The insured crop shall not be abandoned or destroyed until the Commission has appraised the potential production of the hives using an appraisal method that is reasonable in the circumstances.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised hives.

ADJUSTMENT OF LOSS

12.—(1) When the insured person experiences a loss or damage to the insured crop, the Commission may cause the production of the insured crop to be appraised by any method that is reasonable in the circumstances.

(2) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

(a) what actual production was obtained from the insured crop for the crop year; and

(b) that the loss in production or part thereof resulted directly from one or more of the designated perils.

(3) Where a loss in production resulted partly from a designated peril and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against and shall reduce the indemnity payable under this contract accordingly.

(4) Subject to subparagraph (5), the indemnity payable with respect to the total number of insured hives, in the final adjustment of loss, shall be the sum of all loss calculations applicable to such hives.

(5) When the actual production of any harvested hives exceeds the coverage applicable to those hives, the indemnity otherwise payable for a loss in production shall be reduced by the amount obtained by multiplying the excess by the established price.

PROOF OF LOSS

13.—(1) An insured person, except as set out in subparagraph (2), shall claim an indemnity in respect of the insured crop on a Proof of Loss Form provided by the Commission and shall file the form with the Commission not later than sixty days after the earlier of,

(a) the completion of harvesting of the insured crop; or

(b) the end of the crop year.

(2) A claim for indemnity may be made,

(a) in the case of the absence or inability of the insured person, by an authorized representative; or

(b) in the case of the absence or inability of the insured person or on his or her failure or refusal to do so, by an assignee under an assignment made under paragraph 7.

(3) When it is reasonable in the circumstances, the information given in a Proof of Loss Form shall be verified by statutory declaration.

ARBITRATION

14. When the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with Regulation 197 of Revised Regulations of Ontario, 1980.

TIME FOR PAYMENT OF INDEMNITY

15.—(1) No indemnity under this contract is due and payable until,

(a) the end of the crop year; and

(b) the payment in full of the premium.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a Proof of Loss Form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the Proof of Loss Form or award, as the case may be.

SUBROGATION

16. When the Commission has paid a claim for indemnity under this contract, the Commission is subrogated to the extent of the payment to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

17. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time for any purpose related to the contract of insurance.

NOTICE

18.—(1) Any written notice to the Commission shall be given by delivering it or mailing it to the Commission.

(2) Written notice to the insured person shall be given by delivering it or mailing it to the insured person at his or her last post office address on file with the Commission.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this contract of insurance to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

Form 1

Crop Insurance Act (Ontario)

PEANUTS ENDORSEMENT

WHEREAS the insured person has applied for crop insurance under the Ontario Crop Insurance Plan for Peanuts, hereinafter referred to as the "plan", and has paid the premium deposit prescribed thereunder;

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover peanuts.

HARVESTING OF PLANTED ACREAGE

1.—(1) All acreage planted to peanuts in a crop year shall be harvested unless the Commission, upon written application, consents in writing to,

(a) the use of the planted acreage or any part of it for another purpose; or

(b) the abandonment or destruction of the insured crop or any part of it.

(2) If the harvesting of any planted acreage is not completed and the failure to harvest was not caused by a designated peril, the contract of insurance ceases to apply to the unharvested acreage and no indemnity shall be payable for it.

EVALUATION OF LOSS

2.—(1) If loss or damage occurs prior to harvest, the Commission, upon written application by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and in such case shall determine the number of damaged acres and the potential production of those acres.

(2) If damaged acreage is used for any other purpose or the insured crop on it is abandoned or destroyed in accordance with subparagraph (1), the amount of loss that is taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the established price by the difference between the coverage for the damaged acreage and the potential production for the damaged acreage determined under subparagraph (1).

(3) If damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (2) shall not be taken into account in the final adjustment of loss.

(4) If the actual production of the harvested acreage is less than the coverage for that acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the established price by the difference between the coverage and the actual production.

(5) Where the crop contains damaged or foreign material, the actual production thereof shall be reduced by an amount reasonable in the circumstances.

QUALITY COVERAGE

3. Where the insured crop is reduced to below 55 per cent of sound mature kernels due to an insured peril, the actual production shall be deemed to be the yield harvested less 2 per cent thereof for every 1 per cent reduction in sound mature kernels below 55 per cent to a maximum reduction of 50 per cent of the yield harvested.

FINAL ADJUSTMENT OF LOSS FOR TOTAL PLANTED ACREAGE

4.—(1) The indemnity payable with respect to the total planted acreage in the final adjustment of loss is that payable under paragraph 2.

(2) The indemnity payable under paragraph 2 shall be reduced by the result obtained by multiplying the established price by the amount by which,

(a) the actual production of any harvested acreage exceeds the coverage of that acreage; or

(b) the potential production of any harvested acreage exceeds the coverage of that acreage.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

5.—(1) If the actual planted acreage of peanuts in a crop year is less than the planted acreage declared on the final acreage report,

(a) the coverage shall be decreased proportionately in calculating whether there has been a loss; and

(b) the actual production shall be used in calculating the average farm yield in order to determine coverage for the following crop year.

(2) If the actual planted acreage of peanuts in a crop year is less than the planted acreage declared in the final acreage report, the Commission shall not refund any part of the premium.

(3) If the actual planted acreage of peanuts in a crop year exceeds the planted acreage declared on the final acreage report, the actual production shall be used in calculating whether there has been a loss and,

(a) where the calculation indicates a loss, such actual production shall be used; or

(b) where the calculation does not indicate a loss, such actual production shall be reduced in proportion to the acreage declared in the final acreage report,

in calculating the average farm yield in order to determine coverage for the following crop year.

IN WITNESS WHEREOF, The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

Crop Insurance Act (Ontario)

RED SPRING WHEAT ENDORSEMENT

WHEREAS the insured person has applied for crop insurance under the Ontario Crop Insurance Plan for Red Spring Wheat, hereinafter referred to as the "plan", and has paid the premium deposit prescribed thereunder;

NOW THEREFORE, subject to the *Crop Insurance Act* (Ontario) and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover red spring wheat.

HARVESTING OF PLANTED ACREAGE

1.—(1) All acreage planted to red spring wheat in a crop year shall be harvested unless the Commission, upon written application, consents in writing to,

(a) the use of the planted acreage or any part of it for another purpose; or

(b) the abandonment or destruction of the insured crop or any part of it.

(2) If the harvesting of any planted acreage is not completed and the failure to harvest was not caused by a designated peril, the contract of insurance ceases to apply to the unharvested acreage and no indemnity shall be payable for it.

EVALUATION OF LOSS

2.—(1) An indemnity shall be paid for the acreage set out in subparagraph (2) in the amount set out in subparagraph (3) or (4) where,

(a) all of the acres planted to the crop listed in the Table to this Regulation are offered for insurance;

(b) the insured person elects this indemnity on the application for insurance;

(c) the insured person pays a premium deposit of $1 for each acre intended to be planted to the crops listed in the Table; and

(d) one or more of the designated perils prevents the planting,

(i) of three acres or more, in the case of systematically tile drained land, or

(ii) of six acres or more in the case of land that is not systematically tile drained.

(2) The indemnity shall be paid,

(a) for each unplanted acre in the case of systematically tile drained land; or

(b) for each unplanted acre in excess of three unplanted acres, in the case of land that is not systematically tile drained.

(3) When the insured person leases the land as a lessee, the amount of the indemnity shall be the lesser of,

(a) the cost of the rent under the lease for the leased land that remains unplanted; and

(b) one-third of the guaranteed production per acre of the crop with the highest priority, in the Table, of the crops intended to be planted and insured by the insured person multiplied by the established price for that crop.

(4) When the insured person owns the land, the amount of the indemnity shall be calculated as set out in sub-subparagraph (3) (b).

(5) No indemnity shall be payable under this paragraph for land for which the same indemnity was paid by the Commission in the immediately preceding year.

(6) When the insured person plants a crop in respect of which crop production insurance was applied for, the premium deposit payable under sub-subparagraph (1) (c) for the acreage so planted shall be applied against the regular premium.

(7) When the insured person plants a crop which is not listed in the Table, the premium deposit in respect of that acreage shall be refunded.

(8) If the insured person is unable to plant acreage designated on the application as intended to be planted to a crop listed in the Table, the premium deposit in respect of that acreage shall be retained by the Commission as payment for the coverage provided.

(9) This paragraph does not apply to and no indemnity is payable in respect of land,

(a) that is orchard land, pasture, woodland, planted to a perennial crop, fall sown or intended for summer fallow;

(b) that is untilled and was not cropped in the previous year; or

(c) that, in the opinion of the Commission, is not insurable.

(10) If the planting is prevented by excessive rainfall, no indemnity is payable unless the insured person

establishes that, during the planting season in the area where the insured acreage is situated,

(a) an abnormal amount of rain occurred;

(b) the rainfall resulted in a reduced number of work days; and

(c) a significant number of other insured persons were similarly affected.

3.—(1) Where loss or damage to three acres or more of the insured crop resulting from a designated peril occurs before the 1st day of July in the crop year, the Commission, upon written application by the insured person, may consent in writing to the replanting of the damaged acreage.

(2) Where the damaged acreage is replanted to the insured crop, the Commission shall pay an indemnity of $30 for each acre replanted and the contract of insurance continues to apply to such acreage.

(3) The total number of acres in respect of which a replanting benefit is paid in a crop year shall not in any case exceed the total number of insured acres.

4.—(1) If loss or damage occurs prior to harvest, the Commission, upon written application by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and in such case shall determine the number of damaged acres and the potential production of those acres.

(2) If damaged acreage is used for any other purpose or the insured crop on it is abandoned or destroyed in accordance with subparagraph (1), the amount of loss that is taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the established price per bushel by the difference between the coverage for the damaged acreage and the potential production for the damaged acreage determined under subparagraph (1).

(3) If damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph (2) shall not be taken into account in the final adjustment of loss.

(4) If the actual production of the harvested acreage is less than the coverage for that acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the established price per bushel by the difference between the coverage and the actual production.

(5) Where the crop contains damaged or foreign material, the actual production thereof shall be reduced by an amount reasonable in the circumstances.

5. Where the insured crop is reduced below Grade 2 due to an insured peril, the actual production is deemed to be,

(a) for Grade 3, 95 per cent of the yield harvested; and

(b) for Feed, 90 per cent of the yield harvested.

FINAL ADJUSTMENT OF LOSS FOR TOTAL PLANTED ACREAGE

6.—(1) The indemnity payable with respect to the total planted acreage in the final adjustment of loss is that payable under paragraphs 2, 3 and 4.

(2) The indemnity payable under paragraph 4 shall be reduced by the result obtained by multiplying the established price per bushel by the amount by which,

(a) the actual production of any harvested acreage exceeds the coverage of that acreage; or

(b) the potential production of any unharvested acreage exceeds the coverage of that acreage.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

7.—(1) If the actual planted acreage of red spring wheat in a crop year is less than the planted acreage declared on the final acreage report,

(a) the coverage shall be decreased proportionately in calculating whether there has been a loss; and

(b) the actual production shall be used in calculating the average farm yield in order to determine coverage for the following crop year.

(2) If the actual planted acreage of red spring wheat in a crop year is less than the planted acreage declared in the final acreage report, the Commission shall not refund any part of the premium.

(3) If the actual planted acreage of red spring wheat in a crop year exceeds the planted acreage declared on the final acreage report, the actual production shall be used in calculating whether there has been a loss and,

(a) where the calculation indicates a loss, such actual production shall be used; or

(b) where the calculation does not indicate a loss, such actual production shall be reduced in proportion to the acreage declared in the final acreage report,

in calculating the average farm yield in order to determine coverage for the following crop year.

IN WITNESS WHEREOF, The Crop Insurance Commission of Ontario has caused this endorsement to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

PUBLIC NOTICE

THE MOTOR VEHICLE TRANSPORT ACT, 1987

PART II TRUCK APPLICATIONS:

The Applicants listed herein have applied for licences to operate an extra-provincial truck undertaking under Part II of the Motor Vehicle Transport Act, 1987. The Applications were published in the Ontario Gazettes of **June 11, 18, 25 and July 2, 16, 1988.**

Notices of Objection and written evidence were filed on these applications, within the time prescribed, by interested persons. The Ontario Highway Transport Board has considered the evidence filed and is satisfied that in the absence of evidence to the contrary the operation of the extra-provincial truck undertaking in respect of which the licences are sought would likely be detrimental to the public interest.

Accordingly, the Board has directed that public hearings be held at the Board's Chambers, Britannica House, 151 Bloor Street West, 10th Floor, Toronto, Ontario as indicated hereunder:

For further information with respect to these hearings, members of the public are advised to contact the Secretary of the Board.

CONSTITUENCY ASSOCIATION - APPLICATION FOR REGISTRATION

GENERAL

.01 Forms for constituency associations applying for registration are available from the Commission. Only constituency associations endorsed by a registered political party may apply for registration. When completing the form please be sure to provide complete information.

.02 As part of its application for registration the Election Finances Act requires the chief financial officer of the association to provide the Commission with a Statement of Assets and Liabilities as of a date not earlier than ninety (90) days prior to the date of its application for registration.

section 11(2)

.03 This initial statement does not have to be audited but it must be attested to by the chief financial officer of the association. Since future financial statements based on this opening position will have to be audited, it is essential for your auditor to review this initial statement before it is filed with the Commission. Your auditor's opinion on subsequent financial statements could be affected by its content.

.04 Refer to Guideline G26 for a description of the accounting methods to be followed by constituency associations.

GUIDANCE ON PARTICULAR ITEMS IN THE STATEMENT OF ASSETS AND LIABILITIES

.05 The object of this paragraph is to assist you in preparing the initial Statement of Assets and Liabilities. Please read it carefully. All figures may be rounded to the nearest dollar.

Line 1 - Record the total net balance for all accounts. Deposits, guaranteed investment certificates and similar items should be regarded as cash on deposit.

Line 2 - Record only bona fide claims of the association (e.g. refundable deposits). Do not record contributions pledged but not yet received; these should be recorded only upon being received and deposited.

Line 4 - Record the quoted market value of bonds, stocks and other marketable securities owned by the association at the date of this statement. A stockbroker or your bank manager should be able to provide you with this information.

Line 5 - If your association owns furniture, fixtures, printing equipment or similar assets, then enter the nominal value of $1 on this line.

Line 6 - Enter the value of any inventory of campaign materials and other prepaid campaign expenses (see Guideline G25).

Line 7 - Record the cost of other assets owned by the constituency association (real estate, etc.) and attach details.

Line 8 - Attach a schedule showing the following information for each borrowing:

(a) the name of the lender;

(b) the balance owing at date of statement; and

(c) the terms of each borrowing including repayment of terms, security given, names of guarantors, etc.

Line 10 - Include here the cost of goods received by or services rendered to the association for which bills have not been received at date of statement.

Line 11 - Record liabilities not included on other lines and attach details.

Line 12 - The figure for surplus (deficit) will be the difference between total assets and total liabilities. When the surplus (deficit) figure is inserted, the statement will balance.

CONSTITUENCY ASSOCIATION - CHANGE IN REGISTRATION INFORMATION

.01 When a chief financial officer of a constituency association leaves office for any reason the constituency association shall immediately appoint another C.F.O. and give notice in writing to the Commission of the name of the new C.F.O.

section 34(3)

.02 Any change in the information contained in the registered information for a constituency association shall be reported to the Commission within thirty (30) days. The change should be reported by filing a new Constituency Association Registration and Change Notice Form.

section 11(4)

.03 Unless the constituency association designates some other officer, in writing to the Commission, the president of an association has the responsibility for compliance with section 11(4) of the Act and the Commission may rely and act on information submitted by the president or designate last of record.

.04 Where there has been a change in the chief financial officer, the person accepting the appointment should receive the following documents from the person retiring from the position:

(i) the Commission Guidelines,

(ii) the financial records of the association,

(iii) the supply of official receipt forms provided by the Commission, and

(iv) a reconciliation of used and unused receipts from the date the last Constituency Association Annual Return was filed with the Commission to the date the transfer of responsibility was affected.

.05 If the new C.F.O. is not provided with the documents mentioned in para. 3.04, the Commission should be advised accordingly.

.06 Any change in financial statement detail for the constituency association should not be reported on this form, but in the annual financial statements.

section 42

CONSTITUENCY ASSOCIATION

REGISTRATION AND CHANGE NOTICE FORM

REMOVE THIS INSTRUCTION SHEET BEFORE MAILING

Use this form for:

- **Notifying the Commission of any changes in the information already filed for an existing constituency association.**

ANY CHANGES MUST BE REPORTED WITHIN 30 DAYS

Unless the constituency association designates some other officer, in writing to the Commission, the president of an association has the responsibility for compliance with sub-section 11(4), and the Commission may rely and act on such information submitted by the officer.

WHERE THERE IS A CHANGE OF THE CHIEF FINANCIAL OFFICER

The retiring CFO must ensure that the books of record and all of the Commission's tax receipts for contributions are transferred to the newly appointed person.

The Commision will forward to the new CFO the information required to fulfill the responsibilities of the constituency association.

- **The initial registration of a newly formed constituency of a registered political party.**

A new constituency association must also complete the Statement of Assets and Liabilities on the reverse side of the registration form, as well as provide a letter of endorsement from the registered party.

ACCOUNTING METHODS

The accounting methods set out below, are to be followed when preparing all Statements of Assets and Liabilities, as well as all Statements of Income and Expenses that are required to be filed with the Commission in compliance with the Election Finances Act

- **ACCRUAL BASIS**

The accrual basis of accounting is to be observed whereby expenses are recorded on the books of the association when they are incurred. Similarly, income is recorded when earned. However, contributions must be recorded as income only when accepted by the Chief Financial Officer. This exception is due to the uncertainty of collecting amounts pledged.

- **MARKETABLE SECURITIES**

Bonds, stocks and other marketable securities should be valued at quoted market value on the date of the initial Statement of Assets and Liabilities. Securities purchased subsequently, should be valued at costs. When securities are sold, any resulting profit or loss should be reflected in the Statement of Income and Expenses.

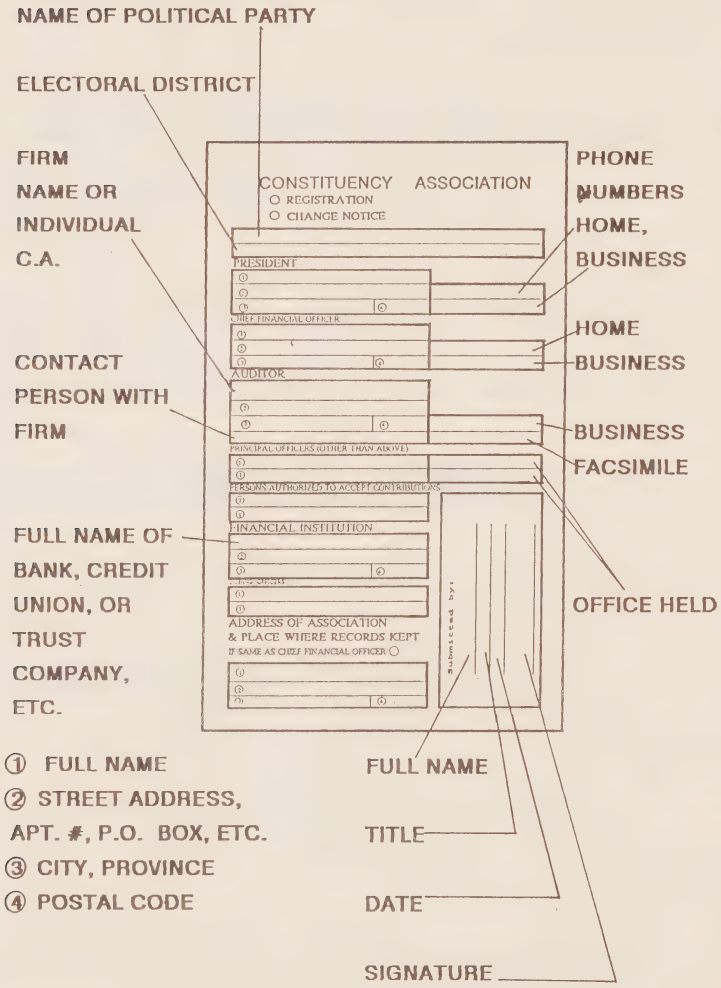

- **FURNITURE AND OTHER EQUIPMENT**

Furniture, fixtures, printing and computer equipment, etc. should be charged to expense when purchased. The existence of such assets may be indicated on the Statement of Assets and Liabilities at the nominal value of $1.00

Exemption—Ministry of Government Services—MGS-91.
Made—September 22nd, 1988.
Approved—September 22nd, 1988.
Filed—October 24th, 1988.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-91

Having received a request from the Ministry of Government Services that an undertaking, namely:

> The activities involved in designing, constructing, operating and maintaining a facility for the Ministry of the Solicitor General for an Ontario Provincial Police Detachment at a site which is legally referred to as Lots 6, 7 & 8 and part of Lot 5, Registered Plan 1476, and Part of Lot 10, Concession 16, (formerly in the Township of Sunnidale), now in the Town of Wasaga Beach, County of Simcoe,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The Ministry of Government Services will be interfered with and damaged by the undue delay and expense required to prepare an environmental assessment for an activity for which adverse environmental impacts will be minimal and mitigable; and

B. The Ministry of the Solicitor General will be interfered with in that the levels of efficiency and service are diminished by the inadequacies of the existing facilities.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The Ministry of Government Services has assured me that the proposed undertaking will have no significant adverse effects on the environment;

B. The proposed use is permitted under the Official Plan and zoning bylaws (residential and Government uses);

C. The site is in a location where municipal services (sanitary sewers and potable water) can be made available and the proposed development will not overtax the local services;

D. No unique natural or man-made features will be significantly affected; and

E. The undertaking merely serves to replace less than adequate leased facilities that are being withdrawn from the market.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.

2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

3. The order shall expire if construction activi-

ties have not commenced by December 31, 1989. O. Reg. 645/88.

Section 86p of the Workers' Compensation Act provides for the creation of an Industrial Disease Standards Panel (the "Panel"). It is the function of the Panel to:

a) investigate possible industrial diseases;
b) make findings as to whether a probable connection exists between a disease and an industrial process, trade or occupation in Ontario;
c) create, develop and revise criteria for the evaluation of claims respecting industrial diseases; and
d) advise on eligibility rules regarding compensation for claims respecting industrial diseases.

In April 1984, the Royal Commission on Matters of Health and Safety Arising From the Use of Asbestos in Ontario (the "RCA") completed and tabled a three volume Report. This Report included a number of recommendations affecting workers' compensation programs.

On March 5, 1987, the Workers' Compensation Board requested the Panel's response to a series of questions regarding some of the recommendations of the RCA. The questions, with accompanying RCA recommendations, are as follows:

1. **RCA RECOMMENDATION 12.7 (page 707, RCA Report)**

"The Workers' Compensation Board, at the earliest opportunity, should advise the Lieutenant Governor in Council to amend Schedule 3 of the Workers' Compensation Act by inserting in the first column (the disease column) the words: 'Asbestosis and Mesothelioma'; and in the second column (the process column) the words: 'Any process involving the use of asbestos'."

Would it be appropriate to include asbestosis and mesothelioma in either of the disease schedules under the Act?

If so, should the asbestos-related diseases of asbestosis and mesothelioma be scheduled under Schedule 3 or Schedule 4 of the Act?

2. RCA RECOMMENDATION 12.8 (page 707, RCA Report)

"The Workers' Compensation Board should review Schedule 3 of the Workers' Compensation Act to ensure that it incorporates those disease (sic) whose associated industrial process is necessary and sufficient to cause this disease."

Following a review of Schedule 3 of the Act, is it the Panel's view that this schedule incorporates all of those diseases whose associated industrial processes are necessary and sufficient to cause those diseases?

If not, what other industrial diseases or associated industrial processes should be incorporated into this schedule, or into Schedule 4?

3. RCA RECOMMENDATION 12.12 (page 714, RCA Report)

"The Advisory Council on Industrial Disease Policy* should, as a matter of high priority, transform the current Board guidelines on asbestos-related cancers into eligibility rules in accordance with the process prescribed in this report."

* The Commission anticipated the creation of an investigative body called the Advisory Council on Industrial Disease Policy, which was subsequently legislated into existence as the Industrial Disease Standards Panel.

Is it the Panel's view that the Board's use of guidelines for the adjudication of asbestos-related cancers is an appropriate approach?

If not, should eligibility rules be adopted for this purpose? The Board would request that in the event the Panel accepts the view that eligibility rules are preferrable, that the Panel develop such rules for asbestos-related cancers.

Also, noting recommendation 13.9, does the Panel consider it appropriate to include cor pulmonale in its review of Recommendation 12.12. If so, the Board requests that the Panel develop an eligibility rule to address this.

4. RCA RECOMMENDATION 13.9 (page 764, RCA Report)

"The Workers' Compensation Board, by directive of the Corporate Board, should promulgate an eligibility rule whereby survivors of deceased individuals who were rated by the Board as suffering Mild or Moderate impairment from asbestosis shall be entitled to benefits if death resulted from asbestosis, mesothelioma, lung, laryngeal, or gastro-intestinal cancer, or cor pulmonale."

The WCB has determined that it should transform into eligibility rules, its current adjudication procedures which deal with entitlement to survivorship benefits in those cases where a worker suffering from mild or moderate asbestosis (but who is not in receipt of a 100% permanent disability pension) subsequently dies of asbestosis, mesothelioma, lung, laryngeal or gastro-intestinal cancer, or cor pulmonale.

The Board requests that the Panel develop such an eligibility rule to indicate under what circumstances survivors will become eligible to these benefits.

On September 21st, 1988, the Panel provided its First Report to the Workers' Compensation Board on Certain Issues Arising From The Report of the Royal Commission on Asbestos.

In accordance with subsection 86p(11) of the Workers' Compensation Act, the Board is publishing this notice setting forth the nature of the findings of the Panel and requesting written submissions for filing with the Board within 90 days of the date of this notice.

Attached to this notice is:

1. the Panel's letter of transmittal;
2. the Report of the Panel.

All submissions should be sent to:

Ms. Linda Angove, Secretary of the Board,
Workers' Compensation Board,
2 Bloor Street East,
20th Floor,

Upon the expiry of the 90 day period for filing submissions, the Board may accept the findings of the Panel, with or without amendments, or it may reject the findings.

MEMORANDUM TO: WORKERS' COMPENSATION BOARD

FROM: INDUSTRIAL DISEASE STANDARDS PANEL

RE: **FIRST REPORT ON CERTAIN ISSUES ARISING FROM THE REPORT OF THE ROYAL COMMISSION ON ASBESTOS**

1.0 BACKGROUND

1.1 The Royal Commission on Matters of Health and Safety Arising from the Use of Asbestos in Ontario reported to the Lieutenant Governor in Council in April of 1984. A number of the Commission's recommendations are reflected in legislation passed since that time. Thus, for example, the amendments to the Workers' Compensation Act that make statutory provision for the composition and functions of this Panel had their genesis in the recommendations of the Royal Commission on Asbestos (RCA).

1.2 By letter dated March 5, 1987, the Workers' Compensation Board requested that the Panel provide advice on the disposition of selected issues encompassed by certain RCA recommendations. This letter is reproduced in Appendix A of the present Report.

1.3 After due deliberation, which included consultation with former RCA Commissioners J.S. Dupre and J.E. Mustard, the Panel decided that it should not restrict itself to the issues raised in the Board's letter. Instead, the Panel has embarked upon a comprehensive examination of all of the RCA recommendations which remain outstanding and fall within the Panel's statutory mandate. The management of this task has led the Panel to unbundle the numerous RCA recommendations which are involved into four categories.

1.4 First, there are recommendations that signal an ongoing role for this Panel, for example in monitoring the outreach efforts of the Workers' Compensation Board and the Ministry of Labour in identifying cases of compensable asbestos-related disease. Such a role is one whose conduct should occasion Panel reports on an "as needed" basis. Although a formal report on the subject is not planned at present, the Panel has received a presentation on Board and Ministry surveillance of asbestos-exposed workers from Dr. Elizabeth Kaegi, the Board's Vice President of Policy and Special Services, and from Mr. Arthur Gladstone, Executive Director of the Ministry's Occupational Health and Safety Division.

1.5 Second, there are a number of RCA recommendations affecting the terms pursuant to which occupational diseases not related to asbestos exposure should be compensable. Given its terms of reference, the RCA could not compile an evidentiary base concerning the extent to which the compensation of such diseases should be encompassed by statutory presumptions, Board eligibility rules or both. Nor, to take another example, could the RCA express an opinion concerning what chronic, life-shortening diseases other than asbestosis should entail compensation for psychological as well as physical disability. The RCA did recommend, however, that such matters should be examined by a statutory body, namely this Panel. Various investigations which the Panel has under way or is about to launch will provide the appropriate evidentiary base for future Panel reports.

1.6 Third, there are certain issues which are specifically asbestos-related and were addressed by the RCA concerning which the Panel has deemed it advisable to seek further evidence. Notable among these are the implications for compensation of the relative incidence of mortality from cardiovascular or cerebrovascular disease among workers with a prior diagnosis of asbestos-related health effects. The Panel has commissioned Dr. W.J. Nicholson of the Mount Sinai School of Medicine in New York to study this matter as background for a future report.

1.7 The fourth set of issues encompasses various matters concerning which the Panel is satisfied that it has little or nothing to add to the voluminous evidentiary base compiled by the RCA in the course of its research programs and public hearings. The issues that are the subject of the present Panel report are all in this fourth category.

2.0 ISSUES

2.1 The issues addressed in this report are the following:

1. The scheduling of asbestosis and mesothelioma;

2. Benefits to the survivors of deceased individuals who suffered from asbestosis and were in receipt of partial disability awards for this condition;

3. Recognition of psychological as well as physical disability as a compensable condition among claimants suffering from asbestosis;

4. Organizational and structural reforms applicable to the processing of partial disability claims associated with asbestosis.

3.0 FINDINGS AND RECOMMENDATIONS

3.1 SCHEDULING OF ASBESTOSIS AND MESOTHELIOMA

3.1.1 Since 1914, the Workers' Compensation Act has provided a rebuttable presumption in favour of claimants whose disease and employment process are listed in a Schedule of the Act. This particular presumption is currently generated by Section 122(9) of the Act which states:

> If the worker at or before the date of the disablement was employed in any process mentioned in the second column of Schedule 3 and the disease contracted is the disease in the first column of the Schedule set out opposite to the description of the process, the disease shall be deemed to have been due to the nature of that employment unless the contrary is proved.

3.1.2 What Schedule 3 entails is a presumption as to the link between a stipulated disease and a stipulated process. Once the facts pertaining to the existence of the disease and the employment in the corresponding process have been established, a claimant is favoured by a presumption that the disease was due to the process. The Schedule 3 presumption is classified as rebuttable because an employer who chooses to challenge the presumption bears the burden of proving that the disease was not due to the employment.

3.1.3 With respect to asbestosis and mesothelioma, the RCA began by observing that neither disease was covered by the Schedule 3 generated by section 122(9). It then went on to conclude that these asbestos-related diseases should not only be scheduled, but that workers should be favoured by a higher class of presumption than that generated by Section 122(9). Having so concluded, the RCA recommended that the presumption in favour of a claimant suffering from these diseases and employed in an asbestos-related process should be irrebuttable.

3.1.4 A 1984 amendment to the Workers' Compensation Act created the statutory means of implementing this RCA recommendation. This amendment added a new Section 122(9a) which states:

> If the worker at or before the date of the disablement was employed in any process mentioned in the second column of Schedule 4 and the disease contracted is the disease in the first column of the Schedule set out opposite to the description of the process, the disease shall be conclusively deemed to have been due to the nature of the employment.

The new Schedule 4 that triggers this irrebuttable presumption awaits compilation.

3.1.5 Given the evidentiary base offered by the RCA report, the Panel deems it entirely appropriate that asbestosis and mesothelioma should be the first diseases to be stipulated in the disease column of Schedule 4. On its way to this conclusion, the Panel received a presentation from Dr. J. Corbett Macdonald, a senior figure among the internationally recognized contributors in the field of the epidemiology of asbestos-related health effects. Dr. Macdonald's presentation, which updated two days of sworn testimony he had given to the RCA in June of 1981, confirmed the continuing validity of RCA's findings concerning asbestosis and mesothelioma. With respect to the precise words that should be entered into the disease column of Schedule 4, the Panel considers that the RCA findings will be most clearly reflected if, in the case of mesothelioma, there is explicit reference to both pleural and peritoneal mesothelioma.

3.1.6 As for the wording of the process column of Schedule 4, the Panel is intent on ensuring that it capture the RCA's concern over asbestos exposures that arise not only in fixed-place industry, but in other than fixed-place industry. In this regard, the scope of the Regulation respecting Asbestos on Construction Projects and in Buildings and Repair Operations made under the Occupational Health and Safety Act (Ont. Reg. 654/85), which became effective on March 16, 1986, offers instructive guidance. This Regulation, whose companion is the earlier Ontario Regulation 570/82 that applies to the fixed-place processes of mining, manufacturing and assembling, embraces the non-fixed-place processes of construction, repair, alteration, maintenance and demolition.

3.1.7 In light of the above considerations, and noting the Board's authority, pursuant to Section 122(16) to compile and amend Schedules 3 and 4 subject to the approval of the Lieutenant Governor in Council, the Panel makes the following recommendations.

RECOMMENDATION 1: THE WORKERS' COMPENSATION BOARD SHOULD ACTIVATE SCHEDULE 4 OF THE WORKERS' COMPENSATION ACT BY ENTERING IN COLUMN 1 (THE DISEASE COLUMN) "ASBESTOSIS" AND IN COLUMN 2 (THE PROCESS COLUMN) "ANY MINING, MANUFACTURING, ASSEMBLING, CONSTRUCTION, REPAIR, ALTERATION, MAINTENANCE OR DEMOLITION PROCESS INVOLVING EXPOSURE TO ASBESTOS."

RECOMMENDATION 2: THE WORKERS' COMPENSATION BOARD SHOULD FURTHER ACTIVATE SCHEDULE 4 BY ENTERING IN COLUMN 1 (THE DISEASE COLUMN) "MESOTHELIOMA, PLEURAL AND PERITONEAL" AND IN COLUMN 2 (THE PROCESS COLUMN) "ANY MINING, MANUFACTURING, ASSEMBLING, CONSTRUCTION, REPAIR, ALTERATION, MAINTENANCE OR DEMOLITION PROCESS INVOLVING EXPOSURE TO ASBESTOS."

3.1.8 With respect to any individual claim, it must be clearly understood that the above recommendations do not preclude challenges concerning whether an individual in fact suffers from the scheduled disease, or was in fact exposed to asbestos in the scheduled process. What they do accomplish is simply and precisely what Section 122(9a) stipulates, namely the presumption, given the factual determinations pertinent to the entries in the disease and process columns, that "the disease shall be conclusively deemed to have been due to the nature of the employment."

3.2 SURVIVOR BENEFITS

3.2.1 Upon the death of an individual who suffered from asbestosis and received a partial disability award for this condition, there is no automatic entitlement to survivor benefits. As a general proposition, what must be determined is whether the death is attributable to the employment-related condition that was recognized by the partial disability award. The making of such determinations can sometimes pose a challenge as complex and controversial as any conceivable issue in workers' compensation.

3.2.2 The RCA explored numerous dimensions of this challenge, including some of its implications for appeals procedures and benefit of doubt policy. For the purpose of the present report, Panel's concern is confined to the RCA's most simple findings. The first of these was that although the testimony of Board officials indicated that survivor benefits were invariably allowed in certain clear-cut instances, no single eligibility rule stipulated this fact. The instances pinpointed by RCA were where the death resulted from asbestosis, mesothelioma, lung, laryngeal or gastro-intestinal cancer, or cor pulmonale.

3.2.3 The Panel has decided to reserve, for the time being its position with respect to cor pulmonale while it awaits the study of cardiovascular and cerebrovascular mortality cited earlier in this Report. For the rest, the Panel agrees with RCA that "there is a certain redundancy, given already existing Board guidelines" (RCA, p. 764) in naming the pinpointed causes of death in a single eligibility rule. It also agrees with RCA that such an eligibility rule would serve the vital purpose of clear communication. By way of making its own formal recommendation, the Panel advances the following:

RECOMMENDATION 3: THE WORKERS' COMPENSATION BOARD SHOULD PROMULGATE AN ELIGIBILITY RULE PURSUANT TO WHICH SURVIVORS OF DECEASED INDIVIDUALS WHO RECEIVED PARTIAL DISABILITY AWARDS FOR ASBESTOSIS SHALL BE ENTITLED TO BENEFITS IF DEATH RESULTED FROM ASBESTOSIS, MESOTHELIOMA, LUNG, LARYNGEAL OR GASTROINTESTINAL CANCER.

3.2.4 A second RCA finding pinpointed a need for standardized Board practices in the realm of communicating its rules to claimants. One of these recommendations (RCA 13.11, p. 769) addresses communication with claimants generally; its companion (RCA 13.12, pp. 769-770) addresses communication in the matter of survivor benefits specifically.

3.2.5 Here the Panel considers that it can most appropriately proceed by recommending that the Board respond to these two recommendations. This has the effect of triggering the statutory gazetting process applicable to all Panel recommendations, and obligates the Board to produce a published response.

RECOMMENDATION 4: THE WORKERS' COMPENSATION BOARD SHOULD RESPOND TO THE FOLLOWING RECOMMENDATIONS OF THE ROYAL COMMISSION ON ASBESTOS (THE NUMERALS IN PARENTHESES REFER TO THE NUMBER OF THE RCA REPORT ON WHICH THE RECOMMENDATION APPEARS).

1. "THE BOARD SHOULD ADOPT A STANDARDIZED FORM OF COMMUNICATION WITH CLAIMANTS WHICH ENSURES:

(I) THAT ALL CLAIMANTS FOR WHOM IT IS PERTINENT SHALL KNOW THAT THEY HAVE AN EXPLICIT RIGHT TO APPEAL AND ARE INFORMED OF THE PROCEDURES FOR LAUNCHING AN APPEAL; AND
(II) THAT ALL CLAIMANTS WHOSE DISEASE IS THE SUBJECT OF AN ELIGIBILITY RULE SHALL HAVE A COPY OF THE PERTINENT ELIGIBILITY RULE." (RCA 13.11, p. 769).

2. "THE WORKERS' COMPENSATION BOARD SHOULD ADOPT A STANDARDIZED PRACTICE WHEREBY:

(I) RECIPIENTS OF PARTIAL DISABILITY/IMPAIRMENT AWARDS ARE INFORMED OF THE RULES PURSUANT TO WHICH THEIR SURVIVORS MAY BE ELIGIBLE FOR BENEFITS IN THE EVENT OF DEATH; AND
(II) IN ALL INSTANCES WHERE THE BOARD HAS BEEN UNABLE TO GRANT SURVIVOR BENEFITS WITHIN ONE MONTH OF DEATH, THE CLAIMANT'S SURVIVORS SHALL BE NOTIFIED THAT THE MATTER IS UNDER ADJUDICATION, PROVIDED WITH THE PERTINENT ELIGIBILITY RULES, AND ASKED TO BRING FORWARD ANY RELEVANT INFORMATION." (RCA 13.12, pp. 769-770).

3.3 PSYCHOLOGICAL DISABILITY AS A COMPENSABLE CONDITION AMONG ASBESTOSIS CLAIMANTS

3.3.1 At pp. 732-752 of its report, the RCA offered its analysis of the manner in which the degree (quantum) of impairment/disability among individuals suffering from asbestosis should be determined. One of RCA's notable findings is that psychological as well as physical damage should be recognized when compensating victims of this chronic, irreversible disorder that shortens life expectancy.

3.3.2 For the RCA, an important threshold issue was to ensure that the statutory definition of permanent disability in the Workers' Compensation Act should be such as to encompass psychological disability. In response to RCA's recommendation, the Section of the Workers' Compensation Act covering permanent disability, Section 45, was amended in 1984 to read as follows:

45(12). For the purposes of this section, "permanent disability" means any physical or functional abnormality or loss, and any psychological damage arising from such abnormality or loss, after maximal medical rehabilitation has been achieved.

The pertinence of Section 45(12) for claimants suffering from asbestosis was registered recently in Workers' Compensation Appeal Tribunal Decision No. 1027/87 LM. Here the WCAT Panel determined that a plain reading of Section 45(12) permitted it to conclude that the particular worker whose case was under appeal was "entitled to a permanent pension for his psychological disability arising out of his compensable asbestosis."

3.3.3 Given this statutory language, what remains outstanding is Board policy governing the manner in which psychological impairment should be associated with physical impairment for compensation purposes. One alternative would be to assess each claimant's psychological and physical impairment separately. The alternative advocated by the RCA was for the Board to incorporate, for compensation purposes, an automatic allowance for psychological impairment into each claimant's quantum of physical impairment as determined by the physicians on the Board's Advisory Committee on Occupational Chest Disease.

3.3.4 At this time, the Panel has no position on the manner in which psychological impairment should be determined for compensation purposes. RCA's specific recommendation remains of major interest, not only because of its particular approach to the determination of psychological impairment, but because it seeks a reduction in the number of categories to which asbestotic claimants should be assigned with respect to their quantum of physical impairment.

3.3.5 In the circumstances, the Panel considers that the Board should issue a response to this RCA recommendation.

RECOMMENDATION 5: THE WORKERS' COMPENSATION BOARD SHOULD RESPOND TO THE FOLLOWING RECOMMENDATION OF THE ROYAL COMMISSION ON ASBESTOS:

"THE WORKERS' COMPENSATION BOARD, BY DIRECTIVE OF THE CORPORATE BOARD, SHOULD PROMULGATE AS A MATTER OF BOARD POLICY A RULE FOR DETERMINING THE QUANTUM OF COMPENSABLE PHYSICAL AND PSYCHOLOGICAL IMPAIRMENT ARISING FROM ASBESTOSIS IN CLAIMANTS DIAGNOSED BY THE ADVISORY COMMITTEE ON OCCUPATIONAL CHEST DISEASES (ACOCD) AS SUFFERING FROM THIS DISEASE. THE RULE SHOULD INSTRUCT THE ACOCD TO ASSIGN SUCH CLAIMANTS TO ONE OF THREE CLASSES OF PHYSICAL IMPAIRMENT DEFINED BY COMPETENT MEDICAL AUTHORITIES AS CORRESPONDING TO MILD, MODERATE, AND SEVERE RESPIRATORY IMPAIRMENT AND DIRECT THAT THE PERCENTAGES TO BE USED BY THE CLAIMS ADJUDICATION BRANCH FOR CALCULATING AWARDS FOR PHYSICAL AND PSYCHOLOGICAL IMPAIRMENT BE:

(I) WHERE THE ACOCD FINDS MILD PHYSICAL IMPAIRMENT, 30%;
(II) WHERE THE ACOCD FINDS MODERATE PHYSICAL IMPAIRMENT, 60%; AND
(III) WHERE THE ACOCD FINDS SEVERE PHYSICAL IMPAIRMENT, 100%." (RCA 13.1, pp. 750-751).

3.4 ORGANIZATIONAL AND STRUCTURAL REFORMS PERTINENT TO THE PROCESSING OF ASBESTOSIS CLAIMS

3.4.1 The RCA made six formal recommendations with significant implications for the manner in which the Workers' Compensation Board processes asbestosis claims. The Panel's position is simply that it should recommend that the Board respond to these recommendations.

RECOMMENDATION 6: THE WORKERS' COMPENSATION BOARD SHOULD RESPOND TO THE FOLLOWING RECOMMENDATIONS OF THE ROYAL COMMISSION ON ASBESTOS:

1. "THE CORPORATE BOARD SHOULD PROMULGATE A RULE APPLICABLE TO THE PROCEDURAL ADJUDICATION OF ASBESTOSIS CLAIMS WHICH STIPULATES THAT A PHYSICIAN OF THE MEDICAL SERVICES DIVISION IS TO REFER SUCH CLAIMS TO THE ADVISORY COMMITTEE ON OCCUPATIONAL CHEST DISEASES UNLESS, IN THE OPINION OF THE PHYSICIAN SUBJECT TO CHECK BY THE CLAIMS REVIEW BRANCH, THE CLAIM IS DEEMED FRIVOLOUS." (RCA 13.4, pp. 753-754).

2. "THE CORPORATE BOARD SHOULD INCREASE THE MEMBERSHIP OF THE ADVISORY COMMITTEE ON OCCUPATIONAL CHEST DISEASES (ACOCD) TO NOT FEWER THAN TWELVE PHYSICIANS RECOMMENDED BY THE EXECUTIVE DIRECTOR OF THE BOARD'S MEDICAL SERVICES DIVISION AFTER CONSULTATION WITH APPROPRIATE UNIVERSITY AND PROFESSIONAL BODIES, AND IT SHOULD DIRECT THAT THE ACOCD BE ORGANIZED INTO NOT FEWER THAN FOUR SUBCOMMITTEES, EACH COMPOSED OF THREE PHYSICIANS INCLUDING A SUBCOMMITTEE CHAIRMAN DESIGNATED BY THE CORPORATE BOARD." (RCA 13.5, p. 757).

3. "THE CORPORATE BOARD SHOULD ISSUE THE FOLLOWING PROCEDURAL RULES TO CONDUCT THE OPERATION OF THE ADVISORY COMMITTEE ON OCCUPATIONAL CHEST DISEASES:

(I) EACH SUBCOMMITTEE IS TO HAVE THE AUTHORITY TO DIAGNOSE CLAIMANTS AND ASSIGN CLAIMANTS TO CLASSES OF PHYSICAL IMPAIRMENT.
(II) THE CLINICAL EXAMINATION OF EVERY CLAIMANT IS TO INVOLVE THE FULL MEMBERSHIP OF THE SUBCOMMITTEE TO WHOM THE CLAIMANT IS ASSIGNED.
(III) EVERY SUBCOMMITTEE REPORT IS TO BE SIGNED BY THE FULL MEMBERSHIP OF THE SUBCOMMITTEE, WITH ANY DISSENT RECORDED.
(IV) IN THE EVENT OF SUBCOMMITTEE DISSENT, THE RELEVANT CLAIM IS TO BE REVIEWED BY THE CHAIRMEN OF THE THREE REMAINING SUBCOMMITTEES WHO SHALL THEN MAKE THE FINDING WITH RESPECT TO DIAGNOSIS AND CLASS OF PHYSICAL IMPAIRMENT.

(V) THE ENTIRE MEMBERSHIP OF THE ADVISORY COMMITTEE ON OCCUPATIONAL CHEST DISEASES IS TO REVIEW THE FINDINGS OF ITS SUBCOMMITTEES ON A PERIODIC BASIS." (RCA 13.6, pp. 757-758).

4. "THE CORPORATE BOARD SHOULD ADOPT A RULE WHEREBY PHYSICIANS ENGAGED IN THE WORK OF THE OCCUPATIONAL HEALTH BRANCH OF THE MINISTRY OF LABOUR ARE INELIGIBLE FOR MEMBERSHIP ON THE ADVISORY COMMITTEE ON OCCUPATIONAL CHEST DISEASES AND SHOULD TAKE MEASURES TO ENSURE THAT THE SECRETARIAT OF THIS COMMITTEE IS SUPPLIED SOLELY BY THE WORKERS' COMPENSATION BOARD." (RCA 13.7, p. 759).

5. "THE OCCUPATIONAL HEALTH BRANCH OF THE MINISTRY OF LABOUR AND THE ADVISORY COMMITTEE ON OCCUPATIONAL CHEST DISEASES SHOULD CONTINUE TO SHARE THE SAME X-RAY AND PULMONARY FUNCTION TESTING FACILITIES, WHICH SHOULD BE ACCREDITED BY AN EXPERT TEAM OF RADIOLOGISTS AND RESPIROLOGISTS AT LEAST EVERY FIVE YEARS." (RCA 13.8, p. 759).

_____

I/we have examined the statements of assets and liabilities and income and expenses of _____, candidate, for the campaign period ending March 31, 19__ relating to municipal elections held November __, 19__. My/our examination was made in accordance with generally accepted auditing standards and included such tests and other procedures as I/we consider necessary in the circumstances except as explained in the following paragraph.

Due to the nature of the types of transactions inherent in an election campaign, it is impracticable through auditing procedures to determine that the accounting records include all donations of goods and services, receipts and disbursements for the campaign period. Accordingly, my/our verification of these transactions was limited to ensuring that the financial statements reflect the amounts recorded in the accounting records of the candidate, in accordance with accounting procedures established by the Municipal Elections Act and I/we was/were not able to determine whether any adjustments might be necessary to receipts and disbursements.

In my/our opinion, except for the effect of adjustments, if any, which I/we might have determined to be necessary had I/we been able to satisfy myself/ourselves as to the completeness of the records as described in the preceding paragraph, these statements present fairly the information contained in the accounting records on which the statements are based in accordance with accounting treatment prescribed by the Municipal Elections Act.
